

CS-Black Pearl

WCR edition (Water Cooling Ready)

FEATURES:

- High-End Aluminium Designer Case with a beautiful designed metal fence side window
- Water cooling ready case
- Blue illuminated Aplus logo, blue LEDs and backlit power and reset button
- Adjustable 4-channel fan controller with fan speed and temperature display
- Totally 15 drive bays for a lot of different configurations can be installed
- 2 x USB 2.0, 2 x Audio and 1 Firewire connectors are on top
- 2 x 120 mm fan/ radiator holes and 2 x water tube holes on top
- Up to 8 x anti-vibration rubber mounted hard disks cooled by the 120 mm fan fit inside
- The 7 external bays are all 5.25" bays supporting a lot of combinations
- All 5.25" drive bays have a one side easy snap mechanism, but can also additionally be fixed by screws
- Two movable hard disk cages can assimilate 8 hard disks
- Two 120 mm fans, one in the front and one in the back, are integrated
- Air vents on the bottom for perfect ventilation
- RoHS compliant

The Black Pearl is a perfect case for all high-end gamers, also for servers and state of the art design offices. The durable high-end black aluminium case has an acrylic front display showing temperature and adjustable fan speed. Up to 8 rubber supported cooled hidden hard disks fit inside with enough space between. The upside down main board provides better cooling of cards, because the components are not hanging down anymore. Separated power supply and hard disk area on the bottom ensure better cooling of the whole system and lower noise. Two 120 mm fans for a perfect front to backside cooling are also integrated, including a CPU air vent in the back. Removable hard disk cages, screw less disk device system and special side door opening-mechanism for easy installation.
