With **HDMI + WLAN** function!

**NEW: ICY BOX IB-MP3010HW HDD and Network-Recorder and Multimedia-Player**

**A Good Deal of Recorder plus Player. The Mix is Right. The Price is Right.**

For many customers the ICY BOX IB-MP3010HW is finally the appropriate network media-player. For a price typical for ICY BOX they get what's good and useful.

You can record, playback or stream from the inputs of terrestrial antenna, cable, set-top box, DVD-player and the good old VCR. With the IB-MP3010HW you will enjoy videos, music and photos on the main stage. This might be the home entertainment center, the TV-set or the stereo.

The ICY BOX IB-MP3010HW works in a network environment, with a 3.5" SATA HDD as the sole source of good entertainment, or you combine the two - HDD and LAN.

In a network you access the shared multimedia files and drives via Samba. With a disk drive the IB-MP3010HW becomes a digital video recorder with time-shift function.

The ICY BOX IB-MP3010HW offers a reasonably composed bundle of features. You won't miss anything that's indispensable in its class. And you don't have to pay for features, you don't need.
